EDUCATION

- **Panimalar Engineering College, Chennai** 2021 to 2025
B.Tech- Computer Science and Business Systems CGPA=7.8
- **Velammal Matriculation Higher Secondary School** 2020
Higher Secondary Education 73%

PROJECTS

- **ML Models** 2023
Built Various Classification models on Incident/ Accident Analysis
 - Tools & technologies used: Python
 - During my Intern at L&T IDPL, I built various Classification Models on the real time data provided by the company
- **To-do list** 2023
Built a robust To-Do list .
 - Tools & technologies used: HTML,CSS and Django
 - This application offers features like task creation, updating, and deletion, all wrapped in a user-friendly interface for efficient task management.
- **QR code generator** 2022
Designed a QR code generator for converting input values (e.g., URLs, names) into QR codes.
 - Tools & technologies used: HTML,CSS and Js
 - Users can customize QR code color and padding, enhancing personalizing and efficient information sharing

INTERN

- **L&T IDPL** May 2023 to June 2023
Data Scientist Chennai,Ramapuram
 - During my internship at L&T IDPL, I constructed diverse classification models utilizing real-time data sourced from the company.
 - The data pertained to accidents and incidents transpiring at the SGTL toll plaza, showcasing my practical experience in building predictive models and analyzing real-world scenarios for informed decision-making and incident management.

TECHNICAL SKILLS AND INTERESTS

Languages: C, Python, R ,Java , JavaScript, HTML, CSS
Developer Tools: VS code, Git, GitHub
Frameworks: Django, Nodejs, Express js
Cloud/Databases: MongoDB,MySQL,CockroachDB
Coursework: Data Structures & Algorithms ,Web Development,Object-Oriented Programming, Software Engineering
Areas of Interest: Machine Learning,Web Development, UI/Ux development, Data Science

POSITIONS OF RESPONSIBILITY

- **Lead - Career In Tech** July, 2023
 - * Organized boot-camps, contests, and workshops within the club. Facilitated student projects, fostering collaboration between peers and industry experts from diverse tech firms.

ACHIEVEMENTS

- * **Quiz Champion!** Attained 1st place in IEEE Club's quiz competition at Panimalar Engineering College. 2023
- * **UI/Ux Designing** Achieved 1st place in a Ui/UX event hosted by Crescent Engineering College. 2022
